ABOUT

With over 20 years experience in the software industry Hugo has mastered every challenge and role that has crossed his path.

Hugo's true strengths lie outside of tech, like keeping curious and humble in a very fast paced industry. He is a passionate team player who brings mentoring, warmness and humor to any situation and adapts quickly to new challenges and environments.

Hugo enjoys working on hard challenges and he thrives on delivering clean high quality solutions that are easy to read and maintain. At this stage in his career he is happy spending his time solely on writing code and mentoring others.

Aptitud

Happy Software Dude & Coach

Dec 2012 – Mar 2017

Stockholm, Sweden

I'm a Full Stack developer with strong focus on Web development. I'm not religious about specific languages, frameworks or tools instead I find great passion in exploring new languages, frameworks and tools. I'm a strong team player that brings lots of skills, warmness and humor to the team. I'm as equally passionate about coaching team members as I am being coached by team members.
